

PROGRAMME

UIA WORLD CONGRESS
OF ARCHITECTS
COPENHAGEN
2-6 JULY 2023

UIA WORLD CONGRESS OF ARCHITECTS 2023

SUSTAINABLE FUTURES
LEAVE NO ONE BEHIND

A PROGRAMME THAT PROMOTES DIVERSITY AND DIALOGUE

The World Congress programme features influential and innovative profiles in the built environment. Our speakers have all been carefully selected for their strong contributions to architecture, science, business and politics, as well as sustainable approaches to new solutions and methods.

There are:

- **KEYNOTE DIALOGUES** designed as a series of conversations between trailblazing architects and experts from science, business and politics. All keynote dialogues will be moderated by Connie Hedegaard.
- **NEXT GEN** sessions that give space to the young and their voices, to open a window to the future and start the dialogue between generations.
- **PAPER PRESENTATIONS** from all corners of the world – 250 contributors showcase the newest knowledge and push for change by challenging architectural norms and connecting research and practice in new ways.
- **VELUX DAYLIGHT TALKS** explore the significance of natural light in architecture and feature architects who are actively working with daylighting in their projects.
- **The OBEL AWARD TALKS** highlight architectural contributions for people and planet, with award-winning projects that challenge the status quo.
- **AND MUCH MORE**

OF CONTENT

THE VENUE

The Bella Conference Center will be transformed to create the perfect backdrop for a congress like no other – with dialogue, well-being, exploration and inspiration in focus, facilitating the meeting of like-minded people, intent on changing the whole built environment.

MEET LIKE-MINDED PEOPLE

Dedicated and creative architects, landscape architects, designers, developers, clients and owners, advisors, urban planners, scientists and researchers, students, project leaders from the building industry, art and culture associations, politicians, global decision makers and business leaders will meet in Copenhagen to discuss how architecture can contribute to a sustainable future – *leaving no one behind.*

How can architecture shape societies and create potential for a more sustainable, equitable and inclusive future? We know the problems, we have the solutions and we need to act now, in order to save the planet

HOW CAN ARCHITECTURE CONTRIBUTE TO THE UN 17SDGS?

The 6 congress themes are based on a dual commitment to environmental and social sustainability. They cut across and synthesize content from the 17 Sustainable goals without sacrificing the complexity and interdependency of the sustainability agenda in the built environment.

The 6 themes are:

- DESIGN FOR CLIMATE ADAPTATION
- DESIGN FOR RETHINKING RESOURCES
- DESIGN FOR RESILIENT COMMUNITIES
- DESIGN FOR HEALTH
- DESIGN FOR INCLUSIVITY
- DESIGN FOR PARTNERSHIPS FOR CHANGE

They will form the congress topics as well as the innovations discussed in paper presentations on the science track.

SPEAKERS

KEYNOTE HIGHLIGHTS

CONNIE HEDEGAARD
Master of Ceremonies

CHIMAMANDA NGOZI ADICHIE
Award-winning writer and feminist

BJARKE INGELS
Founder, BIG

FRANCIS KÉRÉ
Founder & Principal, Kéré Architecture, 2022 Pritzker Prize winner

METTE SKJOLD
CEO, SLA

PARTHA DASGUPTA
Emeritus Professor of Economics, University of Cambridge

JEROME FOSTER
Activist, Youngest Member of the White House Environmental Justice Advisory Council, Software Engineer, Co-Founder at Waic Up

NYASHA HARPER-MICHON
'Archivist', Architect, LinkedIn Top Voice Green, Business Strategist, Educator, Speaker, Writer

DORTE MANDRUP
Founder, Creative Director, Adjunct Professor & Architect MAA

KUNLE ADEYEMI
Founder & Principal, NLE

HANS JOACHIM SCHELLNHUBER
Founder & Managing Director, Bauhaus Earth

CHRIS DOWNEY
Architect & Founder, Architecture for the Blind

CHRISTIAN BENIMANA
Senior Principal, MASS Design Group, Director of The African Design Centre

MARIA P. NEIRA
WHO Director, Department of Environmental, Climate Change and Health

JIM HAGEMANN SNABE
Chairman, Siemens, World Economic Forum Trustee

ELIZABETH TIMME
Founder & Director of Design, Office of: Office

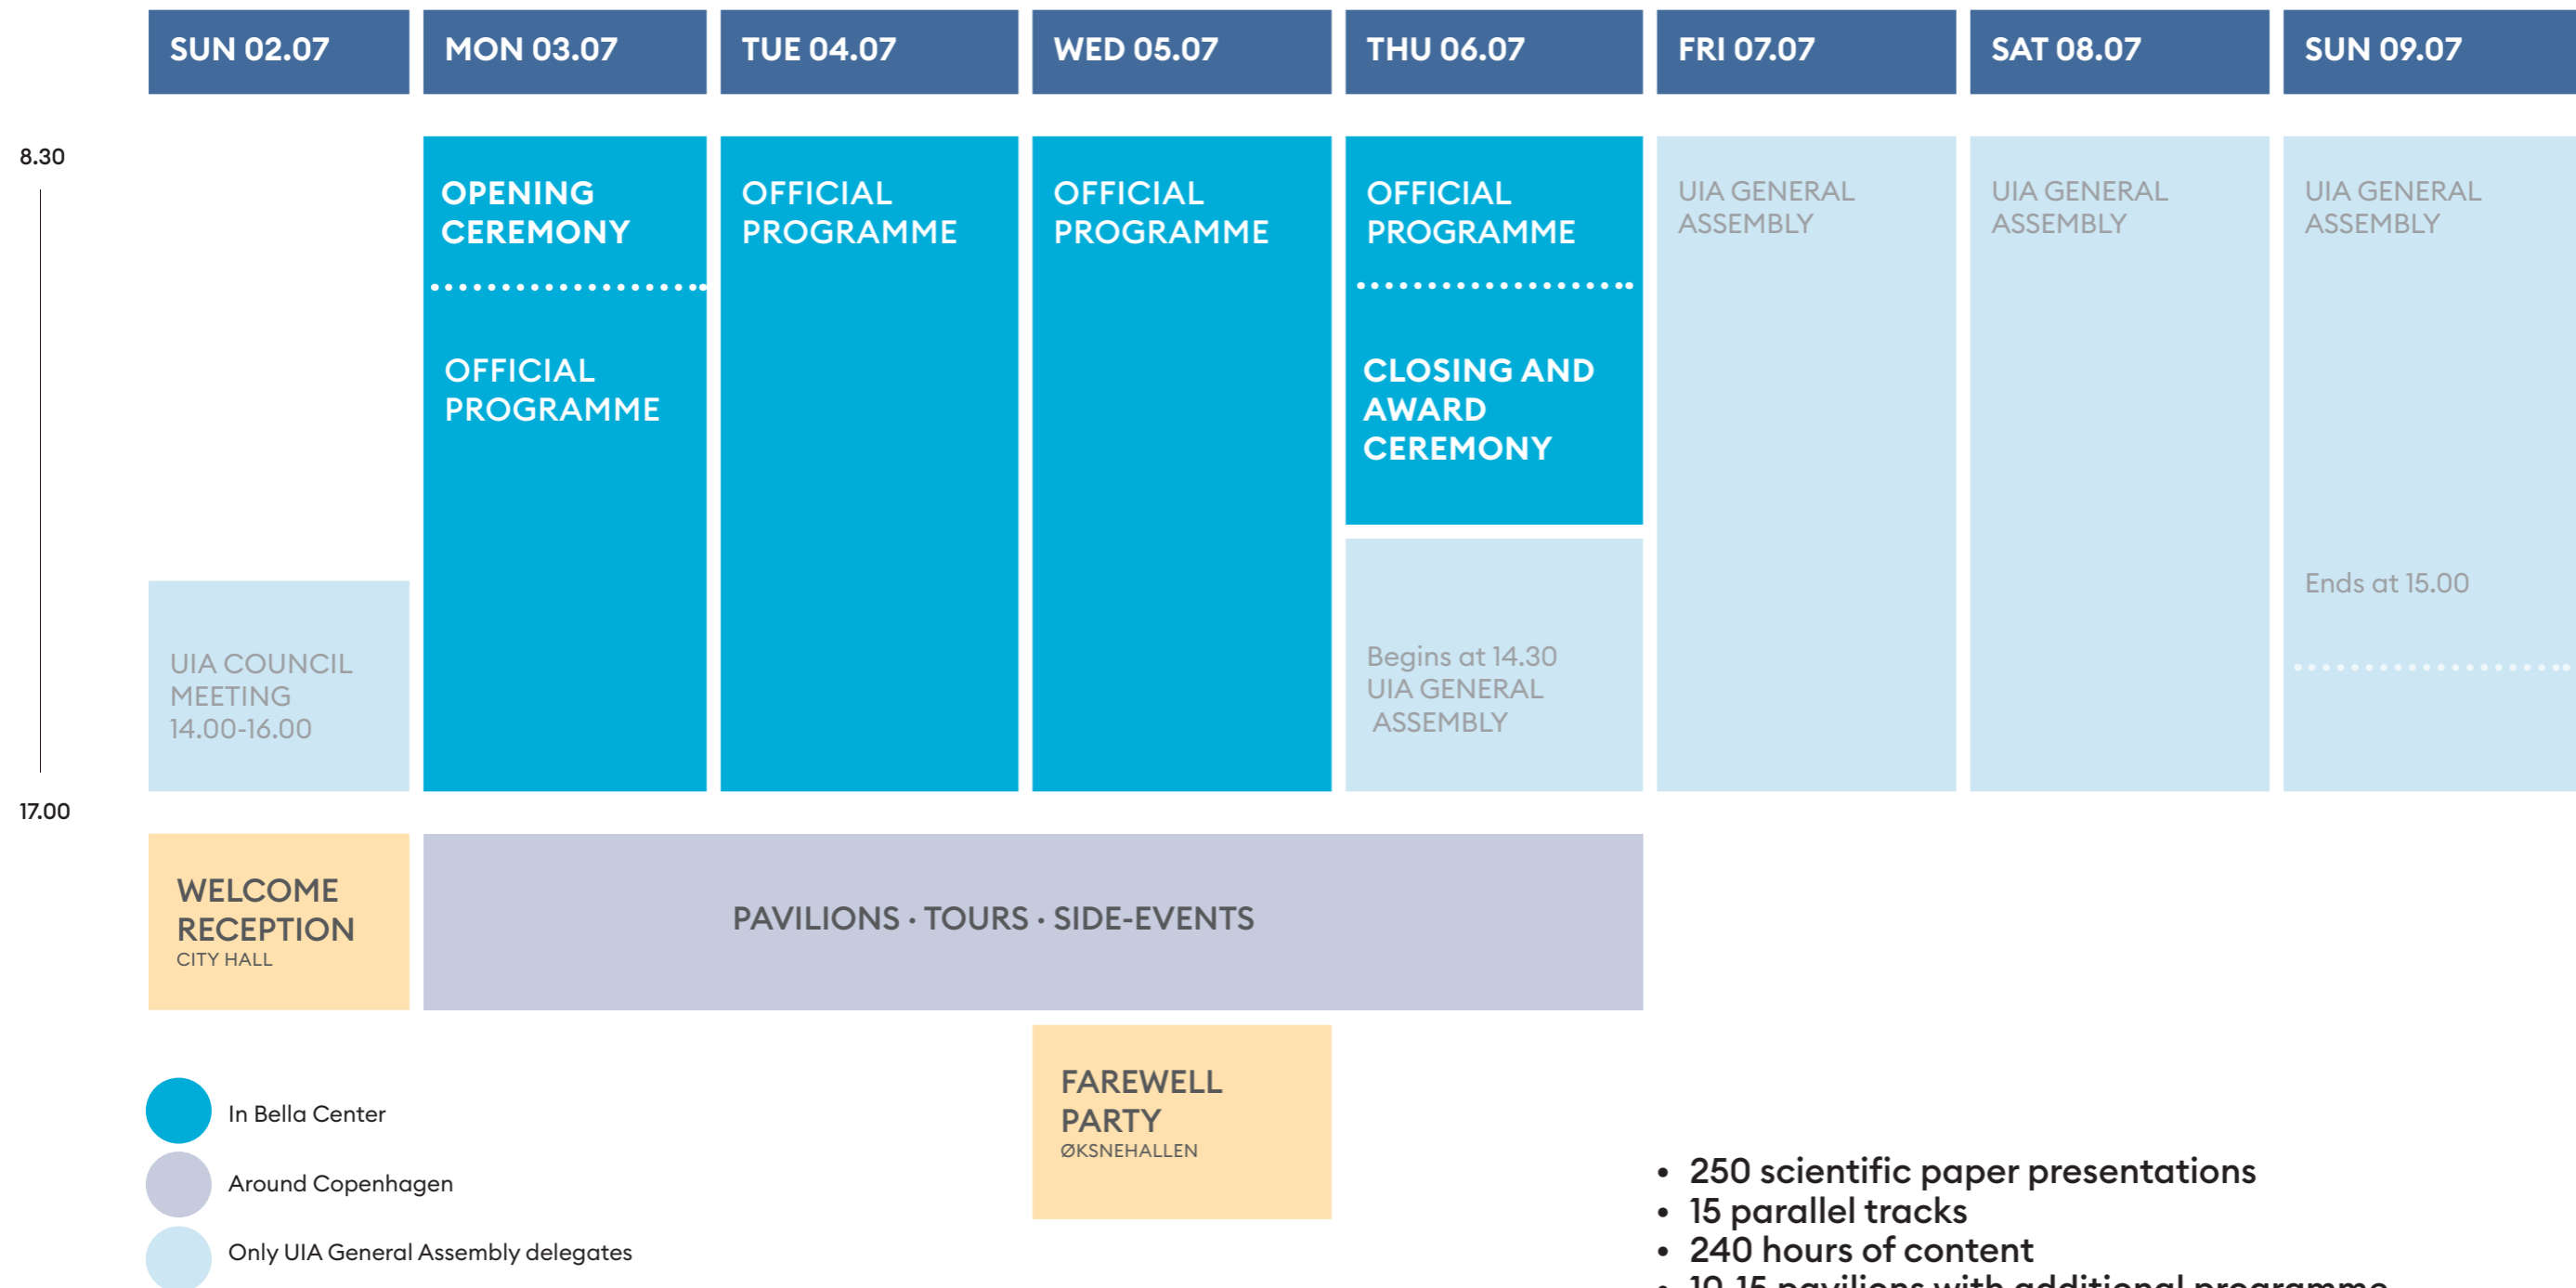

JESICA AMESCUA CARRERA & MARIANA ORDÓÑEZ GRAJALES
Architects & Founders, Comunal

And many more: <https://uia2023cph.org/speakers/>

PROGRAMME OVERVIEW

2-9 JULY 2023

- 250 scientific paper presentations
- 15 parallel tracks
- 240 hours of content
- 10-15 pavilions with additional programme
- 14+ Architectural Tours
- 50+ Side Events
- Welcome and Farewell Party

MONDAY JULY 3rd.

NEW RESEARCH & PAPERS*

(appr. 75 x per day)
Details to come

*Papers showcase the newest knowledge and push for change by challenging architectural norms and connecting research & practice in new ways

OTHER EVENTS AND ACTIVITIES

ARCHITECTURAL TOURS

We have arranged for an array of Architectural themed TOURS taking place after the congress programme ends in Bella Center- for some tours, you need to buy a ticket, others are offered by donors and partners of the congress but all require you to be a participant in the UIA World Congress of Architects CPH 2023. You can book your tour tickets where you register for the congress and tours info will be on the congress website.

SIDE EVENTS FROM PARTNERS

Friends and partners of the congress will offer a wide range of SIDE AND SOCIAL EVENTS taking place outside of congress hours. Stay tuned for experiences out of the ordinary, offered to congress guests around Copenhagen and its surroundings. More details to come.

FAREWELL PARTY

Network, explore Nordic Cuisine and have fun in relaxing surroundings with fellow congress participants during a Danish summer night. The Dinner takes place in 'Øksnehallen', one of Copenhagen's most established venues, situated in the heart of the Meatpacking District (Kødbyen). Tickets can be booked where you register for the congress.

THE SDG PAVILIONS

Go and explore The SDG PAVILIONS around the city center after the congress. High-rise and explorative constructions will greet you in the harbour area and its whereabouts and showcase the latest from Danish Architect Studios.
