# Geographical Differentiator

World Architecture Community's main differentiator from most other architecture portals and websites offering similar services is the geographical distribution of its visitors.

In 2024 the majority of our visitors came from the USA, (18%) and followed closely by India (17.7%). China, when combined with Hong Kong, ranked third (5%) on the list.

Overall, 44.5% of our visitors were from Asia. The Western world represented 47% of the total visitors, with North America contributing 20.5%, Europe 24%, and Australia/New Zealand (ANZ) 2.5%.

The remaining 53% of visitors were due to WAC's targeted focus on countries that are less represented in mainstream Western media and platforms.

# Social Media

World Architecture Community's social media followers are getting bigger every year.

As a trusted source for architecture news, events, competitions and more on social media, through WAC's compelling editorial content and carefully-curated images, WAC enhances the visibility of your brand, campaigns or projects to architecture and design professionals with its highly engaged social media followers.

# AWARDS

## 10+5+X

Now on its 50<sup>th</sup> Cycle, over 2,399 projects crowned with the World Architecture Community Awards 10+5+X. This well-established and recognised competition, gives a great opportunity to **Architects, Interior Designers or Students/Academics**, to have their projects highlighted and recognised both among their peers and in the marketplace. Given the International nature of World Architecture Community, participants from around the Globe and in particular from regions less covered by general or specialised media, get a chance to share and promote their projects, which would otherwise go unnoticed, while potentially initiating new and exciting questions or issues about Contemporary Architecture/ Interior Design.

There are 3 categories in which the participants can compete: **Designed, Realised** and **Student**. While confirmed architects/interior designers

may compete in both the Designed and Realised categories, they can not participate in the Student category which is reserved to Students, as per its name.

Awarding follows a very democratic procedure where all WA Jury members' votes (for the 10) and World Architecture Community members' votes (for the 5) are effective in the final decision. The WA Jury is composed of members of our Honorary Members and winners of previous WA Awards cycles (based on availability during that cycle). The WA Awards runs 3-4 cycles per year and the winners are announced within month after the closure of the cycle.

More information on how to participate is available at the [World Architecture Community](#).

49  
CYCLES  
COMPLETED

The winners of the WA Awards receive a tailor-designed print-ready poster that attests their WA Award. They can display it in their offices or use as part of their marketing materials.

In addition to the WA Award poster, the winners also receive a custom made and digitally verified certificate they can use at their discretion, including as a reference for their curriculum vitae / resume.

# WAC Videos

**W**orld Architecture Community started a series of video and live interviews in 2020 to host long and short-forms architectural conversations with outstanding architects, including Patrik Schumacher, Ben van Berkel, Toshiko Mori, Dominique Perrault, Sou Fujimoto, Anupama Kundoo, Lina Ghotmeh and more. Reaching over 15,000 clicks on Instagram, most-watched videos are also highlighted in a featured article on the website at the end of the year.

**B**roadcasting in two different formats, WAC either invites an architect to a livestream talk on WAC's Instagram channel, or a talk for a pre-recorded video. This could be interviews, paid-partnership conversations, project or company-featured, branded-videos.

**T**he news about the pre-live talk is also posted on the website and on WAC's social media channels. **WAC's talks are permanently showcased on [WAC's Videos page of the website](#), Youtube channel and WAC's Videos page on Instagram.**

## World Architecture Community has won Marina Waisman CICA Digital Communication Award 2020

CICA Awards, distinguished from other awards, evaluates architecture criticism in innovative forms. The International Committee of Architectural Critics CICA, a UNESCO affiliated organization, established in Mexico City in 1978, has been closely associated with the World Congresses of the International Union of Architects. The prestigious CICA Book Awards were first initiated at the XIV UIA World Congress in 1981 in Warsaw.

“Marina Waisman CICA Digital Communication Award”, given for non-print media and publications, aims to “expand the awards beyond the traditional three categories of books, exhibition catalogues and journal articles, discovering exemplary forms of digital communication.

CICA Awards recognizes WAC as an effective and growing community-led architecture platform. “The website has an undaunted ambition to bring together the global community through World Architecture Community, with the chief editor Berrin Chatzi Chousein,” said Prof. Wilfried Wang, Chair of the International Jury.

Being an effective and growing community-led architecture website, World Architecture Community was recognized for its significant mission, bringing architects, interior designers and students from all over the world in the website.
